100 % TRANSPARENCY – JOSERA TAKES THE LEAD!

SO, MEAT LOVERS

Juicy dog dreams come true with Josera Meat Lovers. We vouch for this not only with our name, but also with every single high-quality ingredient.

We support a declaration promising 100% transparency. Each can of Meat Lovers contains exactly what the label says: lots and lots of meat, added ingredients for different breeds and a recipe tailored to meet your pet's nutritional needs.

Why do we take it so seriously? Because our aim is to offer every four-legged meat lover just exactly what they deserve:

100% transparency, 100% delicious wet food. In order to ensure that we stand out from others, we leave as little mystery about the ingredients in our recipes.

MEAT DREAMS ARE MADE OF ...

MEAT LOVERS *Menu*

The Meat Lovers Menu only contains what it says on the label: Four-legged meat lovers can look forward to juicy morsels of duck, chicken, beef, pork and lamb! And plenty of it too. Tasty gravy and delicious vegetables add the perfect touch to the doggie menu.

We make no secret of the fact that we deliberately avoid adding sugar, colourings, flavourings and preservatives. This leaves more room for the meat in the can.

MEAT LOVERS *Pure*

When we say our super tasty Meat Lovers Pure recipes are transparent, we naturally don't mean that the tins are see-through. They could easily be, though, because we don't hide anything: each can contains an extra portion of meat, from beef, chicken, turkey or lamb.

On top of that, it comes with a juicy gravy and important minerals, to make the pure meat indulgence simply perfect.
