

# Excellence in your probiotics play.

When you make a strategic choice to play in the pet microbiome space, our goal is to help you achieve excellence.

## Why your products plus our live probiotics make a winning team:

1. Inspired by nature, backed by science
2. Microbiome solutions solving real problems for pets and pet parents
3. Increasing superiority and value of your products
4. Stable, high-quality products to meet your label guarantees
5. Innovation capabilities of a global leading biotechnology company to help you stay ahead of the game
6. Quality, trust & credibility - No.1 brand in food industry
7. Value-adding services to make probiotic integration as easy as playing ball
