

**RROME ROYAL**
All CBD benefits in one collar

Our Story

The Rome Royal CBD Collar was created by Solano Pet Care Ltd, when some of the pets in our family began suffering from daily aches and pains. These ailments were preventing the pets from enjoying a good quality of life and it was tragic to see how down they became due to their conditions. With that, Solano did what we do best and the Rome Royal Collar was born.

THE FIRST CBD COLLAR IN THE WORLD

We believe in the natural healing power of CBD, while our already proven, controlled-release technology speaks for itself. The result is a slow-release CBD collar, worn by pets that offers potent and sustained relief from a variety of symptoms to aid your beloved dogs and cats.

OUR MISSION IS TO HELP DOGS & CATS

Giving your dog or cat his or her very own CBD collar is the best gift you can give them. The special blend of finest, organic hemp helps pets to deal with pain and to get back to what they love doing most. With the Rome Royal CBD Collar, pain becomes a thing of the past as pets benefit greatly from proprietary, slow-release technology.

SUPERIOR CBD PRODUCT

Wearing a CBD collar is the ideal way for pets to benefit from the therapeutic qualities of the hemp plant. It's also great because cats and dogs benefit from the active ingredients inside the collar for a period of roughly 30 days. That means minimal hassle when it comes to changing the collar, which can be tricky especially when it comes to excitable pets.
