Responsible Pet Nutrition

Dr.Clauder's Wildlife

Dr.Clauder's Wildlife is a Super Premium dry food with a particularly high fresh meat content. The formula is based on the natural eating behaviour of primordial dogs and has been optimised through extensive know-how. The original diet consisted of protein sources as well as vegetables, fruits and herbs. The high meat content in combination with potatoes and healing herbs makes this product a species-appropriate and very tasty meal for your four-legged friend.

Dr.Clauder's Wildlife is available in lamb, duck and salmon variants. The package sizes include a 350-g trial bag, a 2-kg ration and a 11.5-kg bag.

Responsible Pet Nutrition | The right one for every pet | That's our passion.

Wildlife Salmon

Wildlife Salmon is a species-appropriate dry food with a particularly high protein content for the daily nutrition of dogs. The original diet consisted of protein sources as well as vegetables, fruits and herbs. Dr.Clauder's Wildlife Salmon meets the needs of your four-legged friend with a combination of salmon, potato and herbs. Salmon has a high content of omega 3 fatty acids and is rich in iron, magnesium, potassium and vitamin B6. Single protein – No grains – Balanced protein to energy ratio – No preservatives. 1 kg dry food corresponds to the nutritional value of 790g fresh meat.

Wildlife Lamb

Wildlife Lamb is a species-appropriate dry food with a particularly high protein content for the daily nutrition of dogs. The original diet consisted of protein sources as well as vegetables, fruits and herbs. Dr.Clauder's Wildlife Lamb meets the needs of your four-legged friend with a combination of lamb, sweet potatoes, berries and herbs. Lamb contains a particularly high level of vitamin B12, which supports the cardiovascular system. The meat is also rich in vitamins B1, B2 and B6. Single protein – No grains – Balanced protein to energy ratio – No preservatives. 1 kg dry food corresponds to the nutritional value of 750g fresh meat.

Wildlife Duck

Wildlife Duck is a species-appropriate dry food with a particularly high protein content for the daily nutrition of dogs. The original diet consisted of protein sources as well as vegetables, fruits and herbs. Dr.Clauder's Wildlife Duck meets the needs of your four-legged friend with a combination of duck, vegetables, fruits and herbs. Duck has a high content of omega 3 and 6 fatty acids and is rich in vitamin B6. It also provides the organism with the important minerals iron, magnesium, potassium and zinc. Single protein – No grains – Balanced protein to energy ratio – No preservatives. 1 kg dry food corresponds to the nutritional value of 850g fresh meat.
