P.L.A.Y. Dishes Out Tasty Plush Toy Collection *Prepare for the Ultimate Food Fight Between Canine and Man!*

P.L.A.Y.'s [American Classic Toy Collection](#) is for the foodie in your life! Who doesn't enjoy a scrumdiddlyumptious nom once in a while? Say goodbye to your Paleo diet and indulge your pup in the good ol' juicy burger, drumstick, and hot dog with a side of fries. Wash all that greasy goodness down with a milkshake! It won't be hard to entice your pup's senses with the funny giggle stick sound in Fluffy's Fried Chicken, cool detachable components in the Barky Burger and Hot Diggy Dog and amusing crinkle paper found in the Frenchie Fries.

The American Classic B2B toy set comes with three of each of the above mouthwatering toy (15 toys in total) and arrives in a free POP display box. Simply display the toys on a shelf or check-out counter as a takeout box, or insert them into the pre-cut shapes located on the top of the box to present the collection as a fun food serving tray.

In line with our award-winning toys, this toy collection is eco-friendly and stuffed with P.L.A.Y.'s certified-safe PlanetFill® filling made from 100 percent post-consumer recycled plastic bottles. For easy cleaning, they are washer and dryer friendly.

Toys are available individually, with point of sale display, and in gift box sets on PetPlay.com.
